

Maximizing helium checklist

Get the most out of your helium.

With just a few basic checks, you can rest assured that you're getting every penny's worth of helium out of your tank. The following checklist will help you maximize your helium.

- ✓ *Check every delivery to make sure you get the proper sized tank.*
- ✓ *Always refer to cylinders by their size in cubic feet.*
- ✓ *Make sure new cylinders are full when delivered.*
- ✓ *Make sure your inflation equipment is in good shape. Replace worn/cracked O-rings.*
- ✓ *Use a [60/40 Helium Air Mixer](#) inflator to fill latex balloons & save 40% of your helium!*
- ✓ *Use an inflator with a specially designed foil balloon regulator to inflate foil balloons.*
- ✓ *Shut off your helium cylinders when not in use and overnight.*
- ✓ *Fill in-store display balloons with air, not helium.*
- ✓ *Have separate storage areas for full and empty cylinders.*

Zephyr is the most reliable international helium supplier

Zephyr supplies helium and related equipment to retail chains and high-volume stores all over the world and is the only wholesale helium supplier with a national distribution network throughout all 50 United States. This allows us to offer our customers a level of flexibility that is unmatched by any other supplier and it gives us the ability to deliver helium to geographic areas that our competitors simply cannot reach. Through this expansive distributor network, Zephyr has always been able to provide an uninterrupted supply of helium- even during shortages when other major suppliers ran empty.
